

The Purpose of this grant is to start USAR Board Apprentice Work Study with Department of Labor and the Brotherhood of Locomotive and Engineering trainmen and teamster fulfilling the FRA Criteria CFR 49 Part 243 Final Ruling Conductor Certification in Division 216 Tampa, Florida only with help of President Ed McFail. Meeting the State Requirements with Florida Department of Education and the Department of Labor in a Hybrid Curriculum for a Research of Reporting the Participants' Pre-training and Post-training marks and reviews surveying the effectiveness and acceptance of the training material also recommendations on further implementations for Operating Crew Review Board with in the Railroad Industry. With a Projected 2000 hours Cadet Candidate On The Job and 600 Study Hours in Quarterly Monthly schedule for circular vita milestones and development of the program and experiences encountered in implementing it at the railway division level. Promoting and Sponsoring the Local need for Locomotive driven education and employment in the Metropolitan area

If in the case of the Post- Graduate grant be awarded the Apprenticeship will be partners with the several Agencies, such as the Department of Labor and the Florida Department of Education as well as the Navy to follow regulations and policy. Taking surveying the apprenticeship program to ensure completion rates and marks for research. Make sure of a Sponsored mentor Protégé' program for adequate supervision of the apprentices by journey workers. Ensure Safety Certification teaching to work safely and healthy. Provide Quarterly Reports for data, reports, and evaluations of the apprenticeship. File reports on at specified time schedule of all required apportionments that deal with the apprenticeship. AMTRAK OIG or other Agencies take collection and guarantee office of management and budget reports and evaluations. Ensure sub-recipients have adequate competence to finish reports

In the this Naval Post- Graduate Grant Educational Facilities and Equipment as many options, whether it be Construction, Lease or Purchase has no specifics, but different advantages. For the case of, construction, the Capital Outlay is found in the Department of Army Pamphlet 415–28 Construction Guide to Army Real Property Category Codes and Funding Authorization AR 37-20 come into effect. Certain laws and contractual obligations for Purposing Educational Facilities Chapter F.A.C. 6A-2.010 starting with a Charter School Capital Layout in Qualified School Zone with bonds. Having a Charter School Corrective Action and School Improvements using DI - ADMN 80426 Competitive Subcontract Report of bidding in FY _ Construction Programs. DI-MGMT Contractor Status Management Record also proper payment for contract Di MGMT 81651 Contract Invoicing and Payment Report and payment Report. DIMGMT 81945 Phase out transition and other contractors progress and bidding on the DI MGMT 81911 Work Management Plan of Cost Performance Report MGMT 81467 on the Contractor Roster DI MGMT 81597 over the Contract Work Breakdown Structure on a Contract Schedule Status report with Contract Funding \Assistance Reporting for Student Required Educational Facilities. Following any Change Of Contract Proposal made by the Administration DI ADMN 81401 and Notice DI- MGMT 81334Construction management (DIDs) DI-CMAN Date ItemDID Management. Establish a Management Plan for Construction of an Apprenticeship and entities Site Prep Required Instruction Plan an Site Preparation Plan to produce a Highly skilled workers in locomotives. Make a Task Assessment Plan supplying engineering and technical accommodation Report.

The second thing would be AR 621-1 Training Military at Civilian Institutions School by

In F.A.C 6-2 Florida Educational Facilities notes that Florida Educational Institutions can be leased for other learning purposes. The Florida school will then handle the Administration for the Apprenticeship. Filing with US Department of Labor, Employment and Training Administration you may submit for a Registered Apprenticeship – College Consortium (RACC) as well as Registered Employer Sponsors such agreement with CSX. Organizations serve in a coordinating role to facilitate membership in the consortium.

The option to license to use Army Facilities DA form 833 and Application of Building Issuances DA form 4316. As list of Private Sector Railroads or Depots as Ancillary Plant can become a second campus. For optimum Hands-On performance and On- The-Job Training a Historical Railroad Depot may nominate there Facilities, in which where Army Corps Engineering Railroad Rehabilitations and Design can be taught

Asses GPWS Guide Performance of Work State for Bus service by the Naval Facilities Engineering Command prepared by the staffing Division. Provide Locomotive crew busing Through rental of public school buses on decide schedule and route. Other transportation should be arranged by locomotive or carpooling procedures. Travel Vouchers Substance Allowances for a Mobile Train Crew. GSA 3701 Travel Requisition form. The main goal of the Apprenticeship is to train certified mobile depot maintenance DIMGMT 80855

The composition will be either constructed, leased, or licensed classrooms. The Brotherhood of Locomotive Engineers Trainman and Teamster would create an Operating Crew Review Board and Sponsor, and Employer Participation agreements for Florida Department of Education. In the event of the contract fallout any FY_ Military Constructed Facilities were Qualified Academy School Zoning or Bonds are given they will be Naval Bonds or Constructed Facilities could revert hedger into a USMAPS Military School or Technical Trade School. That Factual side about this is that DOD instructs issues and reissues of its Leases and Demonstrations of Equipment and that it will be preserved from its guaranteed by daily maintenance operatives and to follow the instructions Of DODI 7230.

Dreaming of the Car House Candy Shop a Passenger Car Tour out Placing Desk In them For Ancillary Lab such as a computer Lab with Orc, Veri-sign or I dent Cure online service to surf government Pages. And/or Trainer Testing Facilities depending on student placement footage. It is Called the car house Candy shop because of a learning method I use to do With Individual Part Rebuilds and Preservation lesson individual bagged candy and ready to read . Every Time or Pass of the Candy Bucket or Bag or Door. Or print a Illustration and Specification and go find it on the Car or equipment. Given a one, Two passenger cars as Training facilities and yard as Campus. Saving construction of Testing or Computer lab facilities. Given 6A-10.070 Discount and affordable Computers from the DA and secondary school service from Army Knowledge Online

The other option is too rent or lease public educational facilities. I propose the rent of two classrooms portable three days a week. With the leasing of computer room over than construction of the barracks and building

Given A Mail office to handle the Publications and documents. The Army Publishing Directory DA PAMS 25 -30 Search engine, and TO ORDERED Printing and Binding equipment from the Gov. Housing DA forms required to make the Apprenticeship a success. Technical Order Scr333 TO media audio and visual materials and Industrial Technology Goods and Services dd592 and Government Furnished Equipment and inventory Reports of first and secondary items DD1338-1

Crew Licensing of Engineers, conductors and braker/switchers shall be licensed to perform their functions I accordance with NAVFAC P-300, Management of Civil Engineering Support Equipment and Local requirements to the Braker/Switcher, conductors and engineering shown in the Appendix B Forms 9,10, and 11. The license, NAVFAC Form 11260/2 Construction Equipment Operator License, shall Specify the job(s) for which the license has been issued e.g. Engineer, conductor, brakeman/ switcher.

NCOs' commission or activities of chain of command premise of cadets and student enrollment and assessment Auditing Student Employment and Workforce education (3317) with civil and mil divisions Department of defense services Staffing A5 personnel Qualification, SCREENING With DOT License TO 00-5-18 Railroad Equipment DIFACR 81451 facility design criteria to Railroad Binding Completion To Safety CERTs and Navy Coast Guard yards (certs). Professional Engineer Training Program by the Office of State Highway Engineer Topic 010-

000-050-g can be achieved in single yard certification. Following Inspector General Regulations of Building and fire codes

Education Acquisition 48 CFR Chapter 34 part 3401 with an DFARs Education Service Agreement Defense Agreement Regulatory System (DGARS) with Changing over DFARs changing the FARs With the Department Of Labor in an Apprenticeship Program Submitted to the Florida Department Of Education and State Board Of Education of Florida Administration Codes 6A-23 Following Apprenticeship Agreement and Terms. For OA RAIS CODE OS *NET CODE with several Job listing like Track Maintainer, Brakeman, Track Crew Repair, Locomotive govern with regular transitions of management of civil engineering support equipment. With a Hybrid Curricula Federal Region and Local Goals with FLDOE Apprentices with in Sponsor Agreement Basic Sponsor in 6A -20.0131 Critical Teacher. Shortages, and Instructional Personnel - Available To Students 6A -14.0491 are expected by the industry. By 6A -4 CERTIFICATION Chapter titles Educator Certification limit teachers even more. I would like Journeyman to teach and or Personal Qualification Screening or Army staff DA Form with IG Teaching Specialist. Shortage may follow due to Florida Examinations 6a -5 EDUCATOR STANDARD, PREPARATION AND PERFORMANCE / Troops to Teachers/ promising Total Army Performance EVALUATION SYSTEM (TAPES).

With State Partnership With the FLDOE Register Apprenticeship Sponsor the Florida Railroad Museum. With Adult Career and Post Secondary Schooling out of Jacksonville. For Applicable OA Apprenticeships within the State Florida. To participating Employers in the State Sponsors. Following 6A-23 Apprenticeship Florida Administration and Apprenticeship council has been

repealed. While Working with WIA/WIOA Workforce Investment System to Incorporate a Registered Apprenticeship program in the State of Florida. To be listed in Us Department of Education Post Secondary and Universities Database. To establish an Apprenticeship program for Locomotives, different than existing apprenticeships, to be the first of kind in the United States to ensure funding. And Maintain Documentation for registration of new programs, forms and records of grievances with outcomes

As stated with the FRA Title 49 chapter 242 Conductor Certification Final Ruling state that a Journeyman in order of the Operating Crew Review Board have one year experience in order to conduct certification of new conductors which will probably be dominant ruling towards any apprenticeship program. Also, by the State of Florida, journey worker sponsorship qualification requires a Florida Association For Carrier and Technical Educators (FACTE) 6-hour training course in Adult Learning Styles. In the Apprenticeship the BLET will act as Stake Holders in young apprenticeship eligibly with appointment of Operating Crew Review Board

Given the Civilian Army Fellowship that Locomotives have should give them option to enlist as A civilian sponsored unit, NCO DA Form 3126. The ability application and contract for establishment of junior reserve officer training corps unit and DA form 3126_ Application for National Defense Cadet Corps unit, ROTC Reserve Force Duty Officer Service Agreement A918 also A 918A creating competitive enlistments, and civilian entitlements on the Naval- Post Graduate grant for USAR Apprenticeship Board.

If given a U.S college or university consortium (DODGARS part 22.520) for Military recruiting on campus is appropriated. 32 CFR 22.520 will be incorporated if a university is incorporated on campus recruiting and ROTC with the grants awards.

For those who have served can join any apprenticeship program for zero cost the (JTEST-AI) Job Training Employment Skill Training, Apprenticeship and Internships for eligible service members DI MGTM 81547 DD Volunteer Education Program DOD 1322.9 Volunteer Education Program for Military Personnel Management info system.

Each Applicant Must be Medical examined A2133 statement of medical exam.

All research conducted in the Grant proposed shall be in align with the Naval Post-Graduate Broad Agency Research Initiatives and other Agencies. Research conducted done by amortization of the USAR Apprenticeship Board and Naval agencies shall unduly affect the students or employees in duration of the research. All research conducted in the proposed apprenticeship shall be aligned with the Research Initiative. Following the Guidelines in DODEA Administrative Instruction 2071.3 Research approval Process

The efforts for building an apprenticeship program in Tampa is to meet the FINAL _RULING set in the Code Federal Regulations for a Conductor Certification program in the region. 49 CFR part 242 goes over the regulations for the Conductor Certification program. This is to be accomplished with the a union president, Ed McFail, who I spoke to, about a cooperative agreement. He assured me of his assistance following this regulation and my efforts. I also had talked to a Federal Railroad Administration Railroad Safety Specialist in Operating Crew Certification, Joseph D Riley, with U.S. Department of Transportation about approving a Hybrid

Curriculum, and Conductor's Final Ruling. On the Final Ruling, not having a Conductor Certification Program is Fineable Knowingly \$20,000 and \$10,000 unknowingly under part Title 49 CFR part 243.101.

Using the terms of a Cooperative Agreement, a grant by executive agency branches of the Navy for the purpose making license issuances of United States Navy Property for the Principal purpose of the USAR apprenticeship for public purpose of the proposed grant instead of acquiring (by purchase, lease, or barter) of property or services for direct benefit of the Naval Postgraduate Research and Imitative grant. With items or instrument, such as, set of tracks for ancillary plant or second campus. Grant the leasing of DOD Equipment and or building issuances for the study. The reason, a say this is that Conductor are now certified by naval cert yards, on a particular part of tracks or profiles. Should anything fall through it will all be owned by U. S. Naval bonds and United States Government and the track USAR apprenticeship funding authorizations and financial performance carried out with annual audits.

The Government Property/Government Furnished Equipment (GFE) and Facilities existing that permissible will accommodate where employers unfurnished can be applicable. These facilities and resources are high cost and in great demand by the different outlets of the program. The use of these facilities and resources will be negotiated as the program unfolds for success.

DI ILSS Course Conduct Support Doc The Students will work on two educational providers one is Web based Courses for AIPD at the administration of GETRADO and The other will be Distant Mail from Wholesale textbook provide in a Library with The Railway Education Bureau Certification or Credits. These are my two educational providers. These are the majority of the

Credits for the hybrid but that all. The Proposed Curriculum of the Operating Crew Review Board will be the one mandated.

The hybrid keeps Apprentice log, deals with Equipment Restoration and de-preservation, follows a book plan for validation Certification Plan with about 20 books book plans and or hours spent in study with 2 educational providers listed reports to be around 500 study hours. Hands on skills such as brakeman, engineering and maintain will work study.
